- 11.2 We may also in future offer you an Upgrade with enhanced functionality, for which an additional charge will be made, if you decide you wish to take up this offer.
- 11.3 All updates will be subject to the terms of this Agreement (the licence terms that are applicable to their use from time to time) and when updates or upgrades are available you may be asked to confirm your acceptance of the licence terms applicable to their use. Where this happens these terms will be regarded as forming part of this Agreement.

12 OUR RIGHTS AGAINST YOU IN CERTAIN CIRCUMSTANCES

- 12.1 If you do not comply with the terms of this Agreement and do anything which gives someone else the right to make a legal claim against Netduma or its third party licensors or resellers, we may hold you responsible and claim from you reasonable compensation for the financial losses and costs we incur as a result of you not complying with the terms of this Agreement, which are reasonably foreseeable. In such circumstances, we may also terminate your right to use the Software as provided in clause 13 (**Termination**).
- 12.2 Where clause 12.1 applies you agree that we may take legal action in any relevant country to try to prevent any claims or to try to prevent you any breach or further breach of this Agreement.
- 12.3 If your breach relates to disclosure of confidential information about the Software, Third Party Software or the Documentation, we may also take legal action to obtain a court order in the courts of the relevant country or countries in which you are based to try to prevent any further disclosure of our confidential information by you.

13 TERMINATION

- 13.1 If you breach or fail to comply with any material provision of this Agreement, your right to use the Software will automatically terminate.
- 13.2 We may also notify you in writing that your right to use the Software as set out in this Agreement is at an end if we become aware of any breach of a material provision of this Agreement or of any persistent breach of any term of this Agreement, which is not remedied (if it can be remedied) within 7 days of a notice from us requiring you to do this, or if you notify us of an infringement claim relating to the Netduma Router, Software or Documentation and we are not able to resolve this matter on reasonable commercial terms in a way that allows you to continue to make use of the Netduma Router, Software or Documentation.
- 13.3 You may terminate this Agreement at any time if you no longer wish to use the Netduma Router or the Software or if the terms applicable to the Netduma Router, Software,

Documentation and Third Party Documentation are changed and you do not wish to continue to use them on the new terms.

13.4 Upon termination for any reason:

13.4.1 all rights granted to you under this Agreement shall cease. For the avoidance of doubt, your obligations under this Agreement in respect of intellectual property and confidential information of Netduma and its licensor shall survive any termination of this Agreement;

13.4.2 you must cease all activities authorised by this Agreement; and

13.4.3 you must immediately return the Netduma Router with the Software and Documentation to us and, if you fail to do so, we may arrange for it to be collected from you.

13.5 Where you have terminated the Agreement under clause 13.3 and returned the Netduma Router, we may at our discretion, provide a replacement router without the Software or a refund taking into account the period of use prior to you deciding to terminate the Agreement.

13.6 Nothing in this clause 13 shall affect any statutory rights that you may have if the Netduma Router, the Software or Documentation was faulty or is not as it was described when you bought it.

13.7 If this Agreement is terminated by either of us, any provision of it that expressly states that it says is intended to come into or remain in force on or after the termination of this Agreement (or where this is clearly the implication of the relevant provision) shall remain in full force and effect, even though this Agreement has been ended.

13.8 Termination of this Agreement by either party and for any reason will not affect any rights that may have arisen as at the date of termination or which arise following the termination of this Agreement.

14 CONFIDENTIALITY

14.1 You acknowledge and agree that the Netduma Router, Software and Documentation contains information which is confidential, proprietary and valuable to Netduma and its licensors. You are not entitled to make any use of either the Netduma Router, Software or Documentation, except as permitted by the terms of this Agreement.

14.2 You agree to keep any confidential information and intellectual property rights about or contained in the Netduma Router, Software or Documentation confidential as referred to in clause 14.1 and not to publish, disclose, distribute, transmit, post or otherwise make it available to any other person except as permitted by this Agreement.

14.3 Nothing in this clause 14, shall prevent you from disclosing any information required by law or of an order or court or any information which is no longer confidential because it is publicly

available for some reason other than as a result of breach of this Agreement by you (or any person for whom you are responsible).

14.4 Where clause 14 applies we may take legal action to obtain a court order to prevent any further disclosure as provided above, because the potential financial loss would be so damaging to our business if the breach continues.

14.5 For the avoidance of doubt, the provisions of this clause 14 shall survive the termination of this Agreement.
